Deafness Cannot be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the
Eustachian Tube. When this tube is
inflamed you say, "My hearing is
imperfect," and when it is entirely
closed, deafness is the result, and un-
less the inflammation can be taken out
and this tube restored to its normal con-
dition, hearing will be destroyed forever;
nine cases out of ten are caused by
Catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.
We will give One Hundred Dollars
for any case of Deafness (caused by
catarrh) that cannot be cured by Hall's
Catarrh Cure. Send for circulars, free.

FOR A LONG LIFE

Those Interested, Please Read.

Fresh air and exercise, with proper
food and a sufficient amount of sleep,
are the essentials.

Under such a regime of living,
germs cannot develop, and many dis-
eases are prevented.
Should the system require a tonic,
take only such as you know their in-
gredients—such as Vinol, which is a
delicious combination of the health-
giving properties of the cods' livers
with all the useless grease eliminated
and tonic iron added, happily blended
in a mild, medicinal wine.

For this reason Vinol is regarded
as one of the greatest body builders
and invigorators for aged people. It
invigorates and builds them up, and
keeps them up.

We sell Vinol with the understand-
ing that if it does not give satisfac-
tion the price will be returned.

Fifteenth wards of Newark and Harrison,

Seventh ward of Jersey City.

In the Tenth Congressional district,
which takes in Montclair, Benjamin
Moore of 354 Mountain avenue, Mont-
clair, has received the endorsement of
the Essex County Republican Committee
for delegate to the National Republi-
can Convention at Chicago. The other
candidate from the Tenth Congressional
district, who has received the endorse-
ment of the county committee, is P.
Sandford Ross of Newark. Mr. Moore
is 55 years old. He is president of
Benjamin Moore & Company of
Brooklyn, and has been the head of the
company's plant since it was started, in
a small way, twenty-seven years ago.

Mr. Moore is president of the Eastern
Paint Manufacturers' Association, a
director of the First National Bank of
Montclair, a member of the William H.
Taft Club of Montclair and a member
of the executive committee of the Upper
Montclair Republican Club. He is also
active in the Commonwealth Club of
Montclair and chairman of the building
committee of the Upper Montclair
Country Club. Mr. Moore belongs to
the First Methodist Church of Mont-
clair, being a steward of that congre-
gation. He is immensely popular among
his social and business acquaintances, be-
ing one of those rugged, powerful, for-
less men who make honor their fore-
most principle. His friends attribute
his unquestioned success in business to
his absolute honesty, sterling integrity,
straightforwardness in all dealings and
keen foresight. Among the paint manu-
facturers of the United States he is
highly esteemed, and is regarded as an
important factor in the development of
the trade in this country and abroad.

Wants Vault Privilege.

Theodore Mix, the hardware dealer,
309-311 Glenwood avenue, petitioned the
Town Council Monday night for the
privilege of constructing a sidewalk
vault under the sidewalk in front of his
property in Glenwood avenue. Mr. Mix
said that he proposed to erect a three-
story building on his property and de-
sired the vault for use in connection with
the basement. The vault, he said, would
be constructed with steel beams, sup-
ported by a reinforced cement sidewalk
with glass lenses embedded and the side-
walk to be finished smooth and even on
the surface, and with no obstructions.
The petition was referred to the build-
ing committee and sidewalk committee.

Escapes An Awful Fate.

A thousand tongues could not express
the gratitude of Mrs. J. E. Cox of
Joliet, Ill., for her wonderful deliverance
from an awful fate. "Typhoid
pneumonia had left me with a dreadful
cough," she writes. "Sometimes I had
such awful coughing spells I thought I
would die. I could get no help from
doctor's treatment or other medicines
till I used Dr. King's New Discovery.
But I owe my life to this wonderful
remedy, for I scarcely cough at all now."

The Position of Trust Companies.

One of the speakers at the annual
convention of the New Jersey Bankers'
Association at the Hotel Chelsea, At-
lantic City, was Uzal H. McCarter, pres-
ident of the Fidelity Trust Company of
Newark. Mr. McCarter discussed the
question as to whether or not the trust
companies of this State should become
members of the Central Reserve Asso-
ciation in the event of favorable action
by Congress upon the bill authorizing
the formation of such an organization.

By way of introduction Mr. McCarter
briefly reviewed the facts and conditions
leading up to the introduction of the
measure by the Aldrich Commission. In
its initial appearance, the Fidelity pre-
sented explained, the bill confined its ben-
efits to national banks. Subsequently it
was amended to include State banks
and trust companies, provided that they
complied with all its requirements.

After a careful study of the bill, Mr.
McCarter said, he is convinced that it
is "a wonderful constructive piece of
legislation." It seems, he declared,
to provide for every known or unlooked-
for trouble, and it appears to furnish a
magnificent banking system for the
country.

On the question of New Jersey trust
companies becoming members of the
association, however, Mr. McCarter was
inclined to hesitate. In reserve and
central reserve cities, he said, trust
companies will probably join the asso-
ciation, assuming that it is formed. In
those cases, he explained, the money
kept with these companies by county
trust companies can be counted as part
of the legal reserve of the depositing
institutions. With New Jersey sub-
scribing companies, on the other hand,
the money which they must keep with
any other subscribing institutions can-
not be counted as part of their re-
serve. That fact and its results, Mr.
McCarter declared, would be serious to
the Fidelity Trust Company, and prob-
ably to other similar concerns in New
Jersey.

As it stands, the speaker said, the
Aldrich bill is not designed to meet the
requirements of the old-line trust com-
panies, which do not buy commercial
papers, and for those who do that busi-
ness the advantages of membership in
the proposed association are not
marked. Another reason for his
hesitation as to the wisdom of New
Jersey companies joining in the asso-
ciation, Mr. McCarter explained, is the
fact that that course and its effects
would take out of the State a large
amount of money that is now kept here
on deposit as reserves.

If, the speaker said in conclusion, the
failure of the trust companies through-
out the country to join the associa-
tion jeopardized the successful carry-
out to its fullest function of "this mag-
nificent creation of a national banking
system," or if their failure to join would
disturb their present methods of secur-
ing financial assistance, when needed, he
would be in favor of subordinating
individual views to the good of the
many.

"I have," declared the Newark bank
president, "entire confidence in the
loyalty and devotion of the trust com-
panies to their country's needs, and I
am satisfied that, if the occasion arises,
they will join in with their sister in-
stitutions in favor of any legislation
looking to the safety of the nation, re-
gardless of the effect that enactment of
this kind may have upon individual
cases."

High School Athletics.

This morning the High School base-
ball team will play the Nutley High
School team at Watsessing Park. The
game will be called at 10 o'clock. Cap-
tain Cady will try to strengthen some
weak points in the infield by shifting
the line-up. Captain Cady and Thomp-
son will be behind the bat, while
Olinger and Winter will do the twirling.
First base will probably be occupied
by Myers, who was in the outfield be-
fore. Hamilton will be shifted from
first base to second, the position which
he occupied last year. Storms will be
brought in from left field to play short-
stop. Dale will play third. The last
two games showed Captain Cady that
second base was the weak spot in the
infield, but he thinks now that there
will be a decided improvement.

The High School team has two games
scheduled for next week. Tuesday the
Newark Theological Seminary will be
their opponents at Watsessing Park.
Friday they play the South Orange High
School team at South Orange.

Owing to the wet condition of the
grounds, very little practice was done
during the week. Therefore, it will be
quite some time before the boys will
be up to their regular form.

Edwin Cady, 13, resigned as base-
ball manager. Jerome M. Harris, 13,
was appointed in Cady's place.

There will be a team representing the
Bloomfield High School at the Prince-
ton Club track meet, which will be held
May 25 at Newark Academy Field. The
following will probably compose the
team: H. F. Brunstater, S. C. Hamil-
ton, Edward Garlock, Z. H. Whiteman
and J. E. Dale. The boys are training
daily at Watsessing Park and expect to
make a good showing this spring at
various meets.

Walter Ellor, who was a member of
the 1911 Bloomfield High School foot-
ball and baseball teams, is now pitching
for the Montclair Academy nine.

A Favorable Decision.

When the Essex County Park Com-
mission, over a year ago, took from
Philip J. Bowers & Co., by condem-
nation proceedings, a strip of land along
the westerly side of Watsessing park,
extending from Dodd street, East Or-
ange, to Cartier street in this town,
and having several hundred feet
frontage on Cleveland terrace, there
was owing to both East Orange and this
town a large sum of money for improve-
ments on Cleveland terrace, such as tel-
eford pavement, concrete sidewalks, curb
and gutter. The improvements were
to be paid for by special assessments for
benefits, and would have been so paid if
the property had remained in private
hands, but in the hands of the Essex
County Park Commission the assess-
ments could not be levied against the
land.

When condemnation commissioners
made their award to Bowers & Co. the
town, on advice of its attorney, Charles
F. Koehler, made a demand for the
amount due the town for improvements
and East Orange, through its attorney,
did likewise. The Essex County Park
Commissioners recognized the justice of
the claims, and instead of paying the
award direct to Bowers & Co. paid it
into the court, thus affording the mu-
nicipalities an opportunity to file a claim
for the money due them. The case was
tried in the Court of Chancery.

Mr. Koehler informed the Town Coun-
cil Monday night that Vice-Chancellor
Emory had given a decision in the case
in favor of the municipalities.

There was no doubt, Mr. Koehler said,
about the validity of this town's claim,
but owing to some features of the East
Orange claim the case would be ap-
pealed by the Bowers Company.
